The CP-100D is a digitalized Bluetooth speaker with DAB+ and FM radio housed in an attractive cabinet with a very unique gramophone style. The digital controls do not take away from its retro design; instead, it turned into a more powerful radio with increased memory up to 20 for station presets! with SANGEAN's acoustically tuned cabinet, it allows the speaker to work effortlessly to achieve a richer bass response, smoother highs and an overall natural sound to put an audio and visual feast on your table!
